

SAFETY DATA SHEET

Stink Bugs Traps – Pressure Sensitive Adhesive

1. Identification

Manufacturer:

Web-Cote Industries
141 Wheatsworth Rd.
Hamburg, NJ 07419 USA
Phone: 973-827-2299

Emergency Phone (24-hour): CHEMTREC 1-800-424-9300

Recommended Use: Pressure-sensitive adhesive traps for monitoring and control of stink bugs.

2. Hazard(s) Identification

OSHA Classification: Specific Target Organ Toxicity (Repeated Exposure) – Category 2

Aquatic Chronic – Category 4

Signal Word: Warning

Pictogram: Exclamation Mark; Health Hazard

Hazard Statement: May cause damage to liver and kidneys through prolonged or repeated exposure.

May cause long lasting harmful effects to aquatic life.

Precautionary Statements: Avoid prolonged or repeated contact. Avoid release to the environment. Wash thoroughly after handling.

Supplemental Information: Hazards associated with molten adhesive during industrial processing are not expected during normal use of the finished product.

Hazard classification reflects the adhesive formulation used in this product and differs from other Web-Cote glueboards.

3. Composition / Information on Ingredients

Pressure-sensitive adhesive applied to a solid substrate.

Contains non-hazardous polymeric components and additives. Exact composition and percentages are withheld as trade secrets in accordance with OSHA 29 CFR 1910.1200(i).

4. First-Aid Measures

Eyes: Flush with water for at least 15 minutes. Seek medical attention if irritation persists.

Skin: Wash with soap and water. Seek medical attention if irritation develops.

Ingestion: Do not induce vomiting; seek medical attention.

Inhalation: Remove person to fresh air. Seek medical attention if symptoms occur.

5. Fire-Fighting Measures

Extinguishing Media: Water spray, foam, CO₂, dry chemical.

Hazards: Combustion may produce carbon monoxide and carbon dioxide.

Protective Equipment: Self-contained breathing apparatus and protective clothing.

6. Accidental Release Measures

Collect mechanically and dispose of in accordance with Section 13.

7. Handling and Storage

Store in a cool, dry place away from direct sunlight. Avoid unnecessary contact.

8. Exposure Controls / Personal Protection

Gloves recommended if prolonged or repeated skin contact is anticipated. No respiratory protection required under normal use.

9. Physical and Chemical Properties

Solid; amber; faint odor; Density ~7.8 lb/gal; Flash Point >200°F (93°C); Insoluble in water.

10. Stability and Reactivity

Stable under normal conditions. No hazardous reactions expected.

11. Toxicological Information

Prolonged or repeated exposure to adhesive components may cause systemic effects as described. No acute toxicity expected from finished product under normal conditions of use.

12. Ecological Information

May cause long lasting harmful effects to aquatic life. Avoid environmental release.

13. Disposal Considerations

Dispose of in accordance with federal, state, and local regulations. Product is not classified as hazardous waste under U.S. EPA regulations.

14. Transport Information

DOT / IATA / IMDG: Not regulated.

15. Regulatory Information

OSHA HazCom compliant. All components listed or exempt under TSCA. Not subject to SARA 313.

This product does not contain chemicals known to the State of California to cause cancer or reproductive harm, or such chemicals are present at levels below applicable warning thresholds.

16. Other Information

Revision Date: January 2026

Supersedes: October 14, 2020
